The 1958 Pine Burr

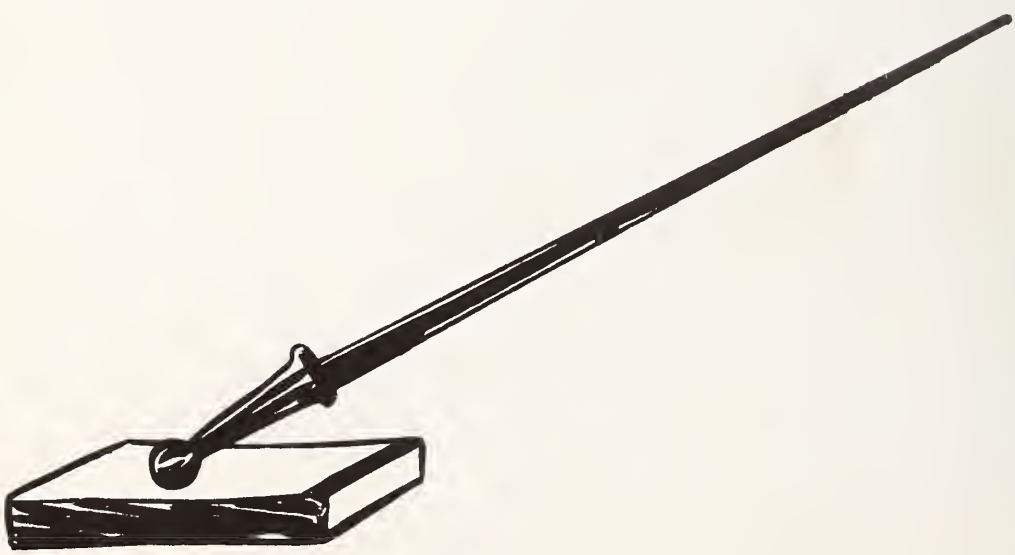
Presented
by

THE SENIOR CLASS
Collettsville High School
Collettsville, N. C.

Foreword

The pine burr and the tree that bore it go on without ending or even without pausing in their life-cycle of growth and change. Just as the pine burr carries on the heritage of the mother tree, so the young men and women who graduate from Collettsville High perpetuate the teachings and the ideals instilled in them by their school.

Through this volume, we have tried to give a glimpse of our school year and of those influences that have left their imprints on our lives.



Dedication

A wish has been granted. A hope has been fulfilled. A new gymnasium, workshop, and cafeteria are now a part of Collettsville School. To many we owe debts of gratitude - - to the community, who voted in favor of the school bonds; to our principal, Mr. Porter, who never ceased to present our needs. But especially are we grateful to Mr. Abernethy and the members of the Caldwell County Board of Education, who are tireless in their efforts to better the schools of our county. It was they who had the responsibility of apportioning the funds, of planning the construction, and of seeing the work through to its completion - - of making our dream a reality.

To show our sincere appreciation, we proudly dedicate this 1958 edition of the PINE BURR to the Caldwell County Board of Education.

Caldwell County Board of Education

Mr. Davis Tuttle; Mr. Clarence Sherrill; Mr. Maynard Teague; Mr. C. M. Abernethy, Superintendent; Mr. George Boutwell, Chairman. (Not pictured - Mr. John Frazier).

In Memoriam

Youth and gaiety were his personal attributes; happiness was his goal. To know him was a privilege; to be his friend was an honor. In appreciation for his many fine qualities, we, the 1958 seniors, give this page in memory of our unforgettable schoolmate - - Cleadus Clarke

I write, you write, he writes - -

Centuries pass - - will we?

Circles, circles, and more circles!

Fertilizer, seeds, and plenty of weeds.

Any future Einsteins here?

$X = 2(y + 4)$

Get rid of that dangling participle, Charles.

Commas, semicolons, and - - wonder what's for lunch.

Disecting the frog is fine, but are tests really necessary?

Re-living Valley Forge.

Food! Oh, happy thought!

Interesting books, magazines, and perhaps some studying.

Stitch, stitch, stitch!

Parlez-vous francais?
